# Semester Two

**Semester 2 Schedule:**  
 Start Date: 1/6/25  
 End Date: 5/23/25

Access	Class Title	Teacher	Ages	Class Description	Class Frequency
Available to All Star Students Only	Early Primary All Star Learning Pod (Winter/Spring Edition)	Mrs. Christy Mrs. Sheree	6-8	<p>This group will engage with classic literature (picture books) through art projects, crafts, science experiments, and STEM challenges. Participants will work on writing strong sentences with proper capitalization and punctuation, journaling, phonics, sight word practice for reading skills, community helper studies, nature activities, age-appropriate math skills, and word problems.</p> <p>The Early Primary All Star Learning Pod will meet twice a week for 60 minutes per session. This Learning Pod is geared towards students ages 6-8.</p> <p>Space is limited. 10 students maximum.</p>	2x a week, 60 minutes
Available to All Star Students Only	Primary All Star Learning Pod (Winter/Spring Edition)	Mrs. Beckman Mrs. Sheree	9-12	<p>The Primary All Star Learning Pod, targeted at 9-12 year old students, will concentrate on reading, writing, math, art projects, crafts, science experiments, and STEM challenges. Reading skills will be improved through comprehension exercises, language arts will focus on crafting well-structured paragraphs, and math concepts at the appropriate grade level will be covered. Students will also learn about manners, healthy habits, and environmental science.</p>	2x a week, 60 minutes
Available to All Star Students Only	Intermediate (Gifted) Learning Pod (Winter/Spring Edition)	Mrs. Christy	12+	<p>This class is designed for middle school students and will cover life skills. We will explore the history and foundations of the U.S. government through reading classic literature and using the IEW writing method. Discussions, projects, journal writing, and comprehension skill development will be based on the literature. Math concepts, word problems, and science-related health topics will also</p>	2x a week, 60 minutes

				<p>be reviewed.</p> <p>The Intermediate (Gifted) All Star Learning Pod is for students aged 12-13 and will meet twice a week for 60 minutes each session. Limited space available for up to 10 students.</p>	
Available to All Star Students Only	Intermediate Learning Pod (Winter/Spring Edition)	Mrs. Beckman Mrs. Sheree	11-13	<p>This class is for upper elementary aged students ages 11-13. Students will concentrate on reading, writing, math, art projects, crafts, science experiments, and STEM challenges. Reading skills will be improved through comprehension exercises, language arts will focus on crafting well-structured paragraphs, and math concepts at the appropriate grade level will be covered.</p>	2x a week, 60 minutes
Available to All Star Students Only	Reading & Writing for Exceptional Learners: Learning Pod *Geared towards students with reading/writing learning disabilities (dyslexia)	Mrs. Beckman	7-10	<p>The Reading &amp; Writing for Exceptional Learners Learning Pod empowers students to build essential skills for their reading journey. It includes step-by-step guidance and support. The Learning Pod will focus on developing auditory discrimination, auditory memory size, and auditory sequencing.</p> <p>Reading &amp; Writing for Exceptional Learners All Star Learning Pod meets twice a week for 60 minutes per session. This pod is designed for students with reading and writing learning disabilities, particularly those with dyslexia or dysgraphia.</p> <p>Space is limited. 10 students maximum.</p>	2x a week, 60 minutes
Available to All Star Students Only	Building Math Success for Students with Dyscalculia: Learning Pod	Mrs. Beckman	9-13	<p>In this supportive and interactive class, students with dyscalculia will build confidence and foundational skills in math through engaging activities, hands-on strategies, and personalized support.</p> <p>We'll focus on tackling core areas like multiplication, division, and solving word problems, while also exploring practical tools to help students better understand numbers and mathematical concepts.</p>	1x a week, 60 minutes

Available to All Star Students Only	Multi-Age Learning Pod	Mrs. Christy	All Ages	<p>Our Multi-Age All Star Learning Pod brings families together in a collaborative and enriching approach to learning! 🌟</p> <p>In this pod, students will explore captivating works of literature, dive into fascinating historical topics, and engage in hands-on learning through crafts, art projects, and interactive activities. This family-style approach blends academics with teamwork, fostering a sense of collaboration and deeper understanding of the material.</p> <p>It's the perfect way to combine learning and creativity while building strong connections and a love for discovery!</p>	2x a week, 60 minutes
Available to All Star Students Only	Elementary Level Book Club	Mrs. Beckman	9-14	Join us every week for our Elementary Level Book Club reading sessions! During class, we'll discuss chapters, review comprehension questions, engage in activities and short projects related to each book. All independent reading should be done before class. Students must come prepared having finished the assigned reading.	1x a week, 30 minutes
Available to All Star Students Only	Mystery Lovers Book Club	Mrs. Sheree	9-14	Do you have a reluctant reader or want to make reading exciting for your child? If yes, our weekly Mystery Lovers Book Club is a must! In this club, students discuss the book, answer comprehension questions, engage in active discussions, do short projects, and more! It's a club your kids will love! Reading is done outside class time, and students should come prepared having read the assigned chapter.	1x a week, 30 minutes
Available to All Star Students Only	Close Reading Strategies and Comprehension for Developing Readers	Mrs. Christy	7-10	In this Close Reading Strategies and Comprehension for Developing Readers class for ages 7-10, students will learn essential close reading strategies and skills for reading success.	1x a week, 30 minutes

Available to All Star Students Only	Learning Sight Words (Level 2)	Mrs. Christy	5-8	Prepare for an enjoyable and interactive class tailored for students aged 5-8. We will enhance sight word recognition, fluency, and early literacy foundation through engaging activities, interactive games, and early readers.	1x a week, 30 minutes
Available to All Star Students Only	Beginning Phonics (Level 2)	Mrs. Christy	5-7	Join our Level 2 Phonics Class! The class focuses on the graphemes (letters that represent sounds in words). Lessons include visual and auditory components to match phonemes to graphemes. Students use their understanding of phonemic awareness and phonics to decode and encode words in print.	1x a week, 30 minutes
Available to All Star Students Only	Vocabulary Workshop Enriched: Improve Writing, Spelling, Speaking & Listening Skills	Mrs. Christy	8-13	Join us weekly to learn 5 advanced English vocabulary words and play a fun game to practice. This course helps students in grades 3-6 master academic vocabulary for better reading and test-taking skills. Through movement and games, students gain a deep understanding of key words commonly seen on standardized tests like the SAT.	1x a week, 30 minutes
Available to All Star Students Only	Learning About U.S. Presidents	Mrs. Christy	7-13	Join our "Learn About U.S. Presidents" class! Explore a comprehensive world history academic curriculum in a fun and interactive way. Participants will discover captivating facts, watch videos, take quizzes, engage in art and craft activities, complete worksheets, and more!	1x a week, 30 minutes
Available to All Star Students Only	Creating with Canva: Project Based Canva Design	Mrs. Beckman	11+	In this weekly class, students will explore the fundamentals of graphic design using the Canva platform. They'll learn how to navigate Canva, complete engaging projects to showcase their understanding and create eye-catching designs to sharpen their digital design skills.	1x a week, 30 minutes
Available to All Star Students Only	Digital Art with Sketchpad	Mrs. Beckman	11+	Unleash your creativity in this exciting class where art meets technology! Using the versatile Sketchpad platform, students will learn the essentials of digital drawing and design. From mastering basic tools to creating vibrant works of art, this class guides students through fun and interactive projects that build skills and confidence. Whether you're sketching characters, designing patterns, or experimenting with colors, this class is perfect for beginners and	1x a week, 30 minutes

				budding digital artists alike.	
Available to All Star Students Only	International Cuisine for Aspiring Chefs	Mrs. Sheree	All Ages	Embark on a culinary journey around the globe with our fun weekly cooking adventures! Join us as we whip up delicious dishes from diverse cultures, dive into global traditions, and enjoy a flavorful meal together.	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Delicious & Nutritious Treats!	Mrs. Sheree	5-18	Join us in learning to bake a new delicious and nutritious treat each week! We'll provide a list of ingredients, meet to make the recipe, and enjoy a sweet treat. This class is a great way to incorporate life skills into your homeschool routine. Don't miss out!	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Storytime Arts & Crafts	Mrs. Christy	4-8	Ignite your child's love for literature and boost their creative thinking skills with Story Time Arts & Crafts! Designed for 6-8-year-old students, this class offers weekly sessions where kids interact with their Early Primary Pals through seasonal stories, exciting crafts, and writing projects inspired by the tales. Join us for a fun-filled learning adventure!	1x a week, 30 minutes
Available to All Star & Rocket Students Only	History A- Z	Mrs. Christy	7-13	Join us for History A-Z! Experience a comprehensive world history academic curriculum in a fun and interactive manner. Participants will delve into our past through captivating facts, videos, quizzes, art and craft activities, worksheets, and more!	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Let's Draw & Learn About Animals	Mrs. Christy	All Ages	In this fun and engaging class, we'll dive into the world of drawing while learning fascinating facts about different animals. We'll start with simple shapes and gradually build them into adorable creatures, from fluffy kittens to majestic lions. No artistic experience is necessary – just bring your creativity and a willingness to have fun!	1x a week. 30 minutes
Available to All Star & Rocket Students Only	Project Based Learning: Island Survival	Mrs. Beckman	9-13	This interactive class weaves together elements of science, ELA, and social studies, inviting students to embark on a thrilling, student driven adventure. Through imagination, creativity, and problem solving, they'll face the ultimate challenge: surviving	1x a week, 30 minutes

				after mysteriously arriving on an uncharted island.	
Available to All Star & Rocket Students Only	Project Based Learning: Design a Waterpark	Mrs. Beckman	9-13	In this hands-on class, students will work together to design their very own waterpark! Through brainstorming, planning, and creative problem-solving, students will learn about engineering, teamwork, and design principles. From thrilling water slides to relaxing wave pools, each student will contribute to building their dream waterpark while developing real-world skills in project management and design.	1x a week, 30 minutes
Available to All Star & Rocket Students Only	ABC Exploration	Mrs. Christy	3-6	ABC, What Will I Be is a captivating class designed for children aged 3-5. Each week, students explore a new letter, practicing its sounds, and discover community helpers associated with the alphabet. This class skillfully merges early literacy with social studies in a fun and educational manner.	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Beginner Level Spanish	Mrs. Reny	5-10	This Beginner Spanish weekly live class is tailored for children ages 5-10. Learn Spanish language basics such as pronunciation, vocabulary, and basic grammar to help your child learn effectively.	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Geometry Part 1 & 2	Mrs. Beckman	11+	Get ready to explore the fascinating world of shapes, angles, and space in this engaging geometry class for students 11 and up! Through interactive lessons and hands-on activities, students will dive into key concepts like angles, triangles, polygons, area, volume, and symmetry. They'll learn to solve real-world problems and apply geometry to everything from architecture to art. Whether you're building your math skills or discovering geometry for the first time, this class will make learning both fun and practical!	1x a week, 30 minutes
Available to All Star & Rocket Students Only	Statistics	Mrs. Beckman	11+	Discover the power of data in this engaging class where students will learn the basics of statistics! From collecting data and calculating averages to understanding graphs and probability, students will develop essential skills for analyzing and	1x a week, 30 minutes

				interpreting information. Through hands-on activities and real-life examples, they'll see how statistics are used in everyday life—from sports to surveys. Join us for a fun and practical introduction to the world of numbers and data!	
Available to All Star & Rocket Students Only	Intermediate Level Spanish	Mrs. Reny	10-18	Our Intermediate Level Spanish weekly live class is designed for children aged 10-18. Students will have the opportunity to practice Spanish vocabulary, learn new verbs, conjugate them, and improve their speaking and writing skills. This world language class is suitable for high beginner and intermediate Spanish learners.	1x a week, 30 minutes
